

OK/BB

17 March 1966

To Mr.  Bannerman via Mr.  Warfield -

Following the briefing of Mr. Helms on the Career Trainee Program, Colonel White decided that, among the several things to be done, he personally would prepare a letter to Mr. Macy about the Program. Later, Colonel White asked  to give him a rough draft of such a letter. He still wanted to complete the letter himself.

STAT

 handcarried the original of the rough draft to Colonel White's office Wednesday and, on the way back to his office, he left a drop-off copy with me.

Hank Knoche says we need do nothing about this draft because Colonel White did revise it and apparently he obtained Mr. Helms' signature on the letter last evening. We will receive a copy.
